

# A handy spray for all-purpose bleaching and disinfection

Commercial Use  
Chlorine-Based  
Disinfectant/Bleach

## Foaming Bleach

A handy disinfectant/bleach that can be sprayed as a foam or used for soaking. Eliminates soiling, biofilms, and odors.

### Features

#### Bleach and Disinfect Anytime, Anywhere

The foam spray does not scatter or run off vertical surfaces for easy use anytime and anywhere. Handy and convenient for any job; helping to improve hygiene levels in the kitchen.

#### Suggested Uses

- 1 Use the spray-on bleach for large chopping boards and containers that cannot be soaked. No need for a large soaking container.

\*When spraying on metal surfaces, avoid leaving for extended periods and rinse thoroughly with water. May cause discoloration if left for too long.

- 2 Dilute with water in a bucket and use to bleach/disinfect dish cloths and tableware.

#### ⚠ Do Not Use On

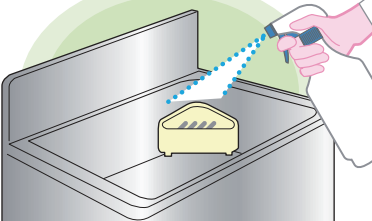

Colored or patterned fabrics, metal containers or implements, melamine tableware, lacquer ware, animal hair brushes, food

Comes in a soft bottle that can be crushed and folded after use for a smaller volume of trash.

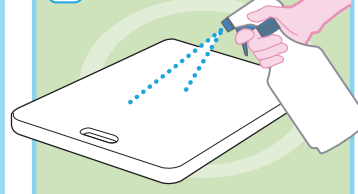

Bleach coffee cups!

Clean biofilms in sinks and strainers!

1 Bleach large utensils!

2 Can also be diluted

Bleach dish cloths:  
Add 120 mL of undiluted  
product to 10 L of water
