

Hand-Pumped Foam Cleaning

Commercial Use Foam Sprayer

GLORIA Pressure Sprayer FoamMaster FM10

A compact, pressurized foam sprayer that can be used one-handed.
No need for an air compressor or compressed air piping.

Recommended for food production plants
and supermarket food processing areas

Features

Convenient

Small enough for one-handed use by any user.
Creates an effective foam spray with just 30 pumps.
No need for an air compressor or other heavy equipment.

Creates an Effective Foam Spray

The nozzle produces a fine and robust foam that remains attached to sprayed surfaces.
Maximizes cleaning and disinfection performance.

*The foam washer that generates foam and rubber parts are consumable items.
Please contact a sales representative about replacement.

Product Data

Product Name	GLORIA Pressure Sprayer FoamMaster FM10
Unit Weight	0.5 kg
Unit Size	W 31 cm × D 20 cm × H 31 cm
Tank Capacity	1 liter
Spray Duration	15 to 30 seconds/50 pumps (Varies by amount and concentration of detergent)
Container Material	Tank: Polyethylene, Pump: Polypropylene
Product Code	989201
JAN Code	4046436020911

Example Use

Recommended Detergents/Disinfectants

◆SaniPlan Foaming Senjozai JP

(Strongly alkali, chlorine-free, disinfecting formulation)

◆SaniPlan Foaming Senjozai CL

(Strongly alkali, chlorine-based disinfecting formulation)
