

Convenient Portable Foam Sprayer

Commercial Use Foam Sprayer

GLORIA Pressure Sprayer FoamMaster FM50

A portable, wearable, pressurized foam sprayer.
Air compressor can be disconnected during use.

Recommended for food production plants
and supermarket food processing areas

Features

Can be Pressurized Manually

Can be pressurized manually without an air compressor. Offers around 2 minutes of operation per pressurization; enough to clean a large processing machine.

Creates an Effective Foam Spray

The nozzle produces a fine and robust foam that remains attached to sprayed surfaces. Maximizes cleaning and disinfection performance.

Example of Use

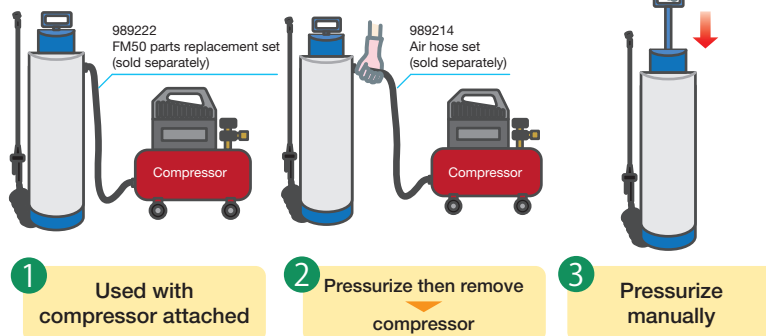

*The foam washer that generates foam and the rubber parts are consumable items.
Please contact a sales representative about replacement.

3 Three modes of use for greater foam cleaning possibilities.

Product Data	
Product Name	GLORIA Pressure Sprayer FoamMaster FM 50
Unit Weight	3.6 kg
Unit Size	W 23 cm × D 28 cm × H 63 cm
Tank Capacity	5 liters
Spray Duration	approx. 2 minutes/150 pumps (Varies by amount and concentration of detergent)
Container Material	Tank: Polyethylene Pump: Polypropylene
Product Code	989273
JAN Code	4046436020928

FM50 also available as FM50K (product code: 989221)
with "FM50 parts replacement set" attached to main unit.
(For use as shown in Fig.(1) on the right.)

Detach compressed air tubing to use anywhere!
