

Oxygen-Based

Acid

Phosphate-Free

Bleach, Disinfect, and Deodorize Colored and Patterned Clothes

Commercial Use Laundry Bleach

Liquid White Up

5 kg

A professional-grade laundry bleach effective on stains, yellowing, and grime.
An oxygen-based bleach safe for colored and patterned clothes.

Features

Color and Pattern Safe

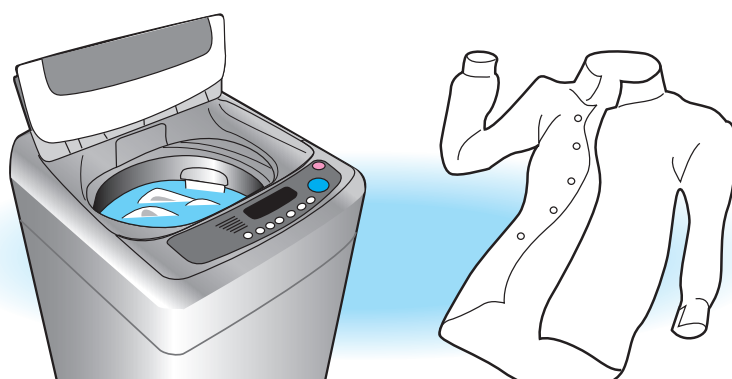

An oxygen-based bleach safe for colored and patterned clothes. Perfect for bleaching colored and patterned clothing and towels.

Effective on Stains, Yellowing, and Grime

Formulated for commercial applications, this product contains a higher concentration of bleaching agent (hydrogen peroxide) than household products. Highly effective on stubborn stains and collar grime.

Removes Germs and Odors at the Source

Breaks down odor-causing grime, preventing unpleasant smells. Also disinfects while it bleaches. (Does not eliminate all germs.)

Removes Stubborn Collar Stains!

 Washed with
Liquid Laundry Detergent N

 Washed with
Liquid Laundry Detergent N
after applying undiluted
Liquid White Up

Works well with Niitaka's

Liquid Laundry Detergent N

Instructions for Use Always wash containers after performing any dilution

Stains and dirty areas of clothing

1 Apply undiluted solution directly.

2 Washing machine
Wash immediately with laundry detergent in a washing machine.

2 Soak
Immediately soak for around 30 min in warm (40°C) detergent solution, then rinse with water.

To bleach yellowing and grime stains

Wash in a washing machine with laundry detergent plus 20 to 40 mL of Liquid White Up.

Clothing disinfection and odor removal

Soak for about 30 min in cold or warm water containing 20 mL of Liquid White Up, then rinse with water.
(Add laundry detergent for better performance)

Precautions for Use

- Always read the "Instructions for Use" and "Precautions for Use" printed on the product before use.

Suitable For	White, colored, and patterned fabrics that can be water washed (cotton, linen, chemical fibers, silk) *Use with a neutral laundry detergent if washing wool and cotton clothing.
Do Not Use On	<ul style="list-style-type: none"> • Items that cannot be water washed (with laundry symbols ) • Items that leach color in the presence of water or laundry detergent • Items with metal accessories (buttons, fasteners, hooks, etc.) • Items dyed with metal-complex dyes • Metal containers that are not stainless steel • Items that change when tested as described below <p>*Yellowing resulting from changes to the fabric itself cannot be removed with bleach.</p>
Testing Fabric	Soak a small, inconspicuous area in undiluted Liquid White Up and immediately apply detergent solution. Do not use on items that change color after around 5 minutes or transfer color when blotted with a white cloth.
